

NATIONAL ASSOCIATION OF  
WOMEN BUSINESS OWNERS

Greater Philadelphia  
Women Mean Business®

## Join a CEO Roundtable™ TODAY and Gain Your Own Board of Advisors!

CEO Roundtables provide an opportunity for women business owners to share their concerns and tap into the knowledge, experience and objective viewpoints of other business owners. Too often we find ourselves working in our business and not ON IT.

The roundtables give you the space to think strategically about where your business is going. At a NAWBO® CEO Roundtable, you will find ways to grow your company . . . with resources to help you think through business concerns.

### New CEO Roundtables are being formed in the following areas:

- New businesses (less than 3 years old)
- Companies with revenue of at least \$50,000/year
- Companies with revenue of at least \$250,000/year
- Companies with revenue of at least \$1 million/year
- Family owned businesses

### Specifics of Program:

- Team led by a professional facilitator
- Six sessions, 2 1/2 hours per session
- Convenient location and meeting times
- Group limited to eight members
- Low Membership Fee

"Joining a CEO Roundtable has been a tremendous benefit for me. It has provided an excellent opportunity for me to step back from day-to-day operational issues, to view the whole picture and think strategically. It has been fascinating to observe how five companies in such disparate businesses in fact share similar operational and strategic issues. I've developed tremendous respect for each of the women in the group and have gained a valuable network of colleagues."

*Margit Novack, President,  
Moving Solutions*

"This has been the best business growth experience I've ever taken advantage of. It's worth repeating every year for my business."

*Merle Holman,  
Group Dynamics*
